No water was pumped into the mains from the wells during the year 1922.

Owing to the low condition of the water in the reservoirs, the pumping station was started up in December, and water was pumped from the wells into the river for three days, and a sample of the water was sent to the Laboratory of Hygiene at Concord, N. H., for analysis and reported as unsatisfactory.

JAMES L. RICE, Supt.

## Chief Engineer's Report

---

This year's record even exceeds that of last, for there have been 89 still alarms and 18 bell alarms for fire. This is aside from brush or woodland fires, which will be found under the report of the State Forestry Commission Agent's report. The bell alarms were as follows:

1922

Feb. 21—Box 47, 2:10 p. m., Abe Satzow place, North street

Feb. 24—Box 13, 2:10 a. m., Farwell block, Tremont square

April 15—Box 47, 4:50 a. m., Peter Anzwadski place, Elm street

April 27—Box 13, 3:15 a. m., Farwell block, Tremont square

June 15—Box 15, 4:45 a. m., A. Simmon's place, Maple avenue

June 15, Box 15, 9:15 p. m., Crossed wires

July 31, Box 8, 10:50 p. m., Alden Gaffney place, West Claremont.

August 19—Box 44, 8:50 p. m., Millard Cook place, Claremont Junction

Sept. 25—Box 22, 6:40 a. m., Frost's block, River street

Sept. 26—Box 19, 12:10 a. m., false alarm

Oct. 14—Box 47, 7:45 a. m., Hartnett house, corner North and Elm streets

Oct. 18—Box 49, 6:40 p. m., Foisy house, Maple street.

Nov. 2—Box 24, 2:10 a. m., E. J. Lebrun place, Pearl street

Nov. 15—Box 22, 7:15 p. m., Claremont Waste Co., Main street

Nov. 25—Box 24, 3:10 a. m., Park's house, Pearl street  
 Dec. 19—Box. 17, 11:00 p. m., Brackett house, Pleasant street

1923

Jan. 3—Box 39, 1:45 p. m., H. J. Babcocks' place, West Claremont.

Jan. 28—Box 26, 8:30 a. m., St. Mary's rectory, Central street

The burning of much wood was the cause of so many chimney fires that necessitated a still alarm. In most every instance the chemical was equal to handling the fires, being caught in their infancy, thus stopping what might have developed into a serious fire.

### *Hydrants*

Three new hydrants have been installed during the fiscal year and are situated, one at the junction of Myrtle and Grove streets, one on Maple avenue, near Spaulding street and one near the Central Fire Station.

### *Fire Alarm System*

The only improvements made to this system was the changing of the location of Box 13 from the electric light pole in front of the town hall to a specially illuminated iron post at the corner of Broad street and Tremont square, and the installation of a new box, No. 57 at the corner of Winter and Washington streets. A mile of new wire has been hung to replace that which was worn.

### *Recommendations*

I recommend the connection of the water pipes of the Monadnock Mills to the dry hydrant system on Broad street. This would give the department water under pressure from the manufacturing plants pumps in case of a serious fire in Tremont square and would be en-

tirely independent of the city water supply pipes. Also the purchase of a new hook and ladder truck of modern design to replace the present one which was purchased over 40 years ago, for many years drawn by hand, is now frail and undependable.

*Remarks*

I appreciate the co-operation of the firemen and also the good feeling and co-operation of the citizens of the town, the combination making the department efficient.

C. E. SEARS, Chief Engineer.

# Report of Health Officer

---

*To the Board of Selectmen;*

I herewith submit a report of the Department of Public Health of the Town of Claremont for the year ending January 31, 1923.

Contagious diseases reported as follows:

	Cases	Deaths		Cases	Deaths
Scarlet fever	12	0	Typhoid fever	3	0
Diphtheria	4	0	Chicken pox	3	0
Measles	15	0	Tuberculosis	44	4
Mumps	8	0	Veneral diseases	61	0
Pneumonia	6	3			

Six tuberculosis removals were reported during the year as required by law.

Sixty-six rooms were fumigated, following contagious diseases.

## *Sanitary Inspection*

The work of this department has been given careful attention through the medium of fumigation, the investigation of complaints, and suspected sources of contamination, the removal of dead animals, cleanup of private dumps, the removal of several cesspools that were a menace to health, etc.

In company with the state inspector, a careful inspection of food products in groceries, markets, bakeries, fruit and drug stores was made and samples of various food products taken to be submitted for analysis.

In November an inspection was made of the sanitary conditions of slaughter houses, meat markets, hotels and restaurants. With a few exceptions, conditions were found to be good.

*Tuberculosis Clinics*

Five tuberculosis clinics were held here during the year under the direction of the Sullivan County Tuberculosis Association. These clinics have been well patronized and productive of most excellent results.

*Veneral Clinic*

Weekly clinics for the treatment of veneral diseases have been held at Concord, under the auspices of the State Board of Health. The purpose of these clinics is to give proper examinations and treatment free to those who are not financially able to employ a physician.

*Garbage Collection*

By vote of the Town at the last annual meeting, the period for collection of garbage was extended to cover the entire year, instead of for six months, as in previous years. This fact, together with the steadily increasing amount of garbage to be collected, makes it a very difficult proposition to get satisfactory service with the present remuneration.

During the past year, six samples of water from the Tyler and the same number from the Grannis system, have been sent to the state chemist for analysis.

The general results have been satisfactory.

Water taken from the spring near the Claremont Paper Company's mill on Union street, was pronounced unfit for drinking purposes.

Respectfully submitted,

WILLIAM P. PRESCOTT,  
Health Officer.

# Report of Milk Inspector

---

The second year of milk inspection has shown great progress. During the year 127 licenses have been issued, approximately 350 visits have been made, samples of milk have been taken and sent to State Laboratory of Hygiene at Concord and all have been up to standard, and no dirty milk found.

Two licenses have been revoked. One restored after the conditions were remedied, the other was not as it was the second offence.

There are approximately 4000 quarts of milk coming into Claremont daily, four-tenths quart per capita. Five-tenths is ideal.

The supply is coming from 1193 cattle which have passed one or more tuberculine tests. 209 head of cattle which were supplying milk last year have reacted to the test and been slaughtered. Efforts have been made, when badly affected cattle were found in any herd, to have the children drinking that milk examined at the local tubercular clinic. No contagious diseases have been traced to the milk supply during the past year.

The producers have joined, to a man, with the public in aiding the work of testing the herds, and it is earnestly asked that the citizens of Claremont report any violations of the milk ordinance to the inspector, who will attend to them immediately.

Respectfully submitted,

L. R. HAUBRICH, V. M. D.,  
Milk Inspector.

## REPORT OF LIBRARY TRUSTEES

The circulation of books and magazines for the past year averaged 155 items daily. This is a decrease from that of 1921, but a gain above every other year.

One hundred and six books were added to the Way Collection and six hundred and thirty-five to the general library, two hundred and thirty-five by gift, over one hundred of the gifts being from Mrs. Mary W. Long.

Our own resources have been supplemented by loans from the Public Library Commission, the State Library, the Manchester and the Concord libraries. The Commission books were mostly in foreign languages, those from the State, genealogies and histories.

The librarian has talked to pupils at school and held classes at the library, giving instruction in the use of books.

A very successful Neighborhood Meeting was held in June at Charlestown, the Claremont institution being represented by Mrs. Percy Brooks, of the Board of Trustees, Mrs. Ide and Miss Gilmore.

Mrs. Ide passed a week at the Library School, in Durham held annually under the auspices of the State College and Public Library Commission. The instruction given is of great value to the institutions of the state and to students from outside. One pupil was from Massachusetts, another from Tennessee, (LeMoyne Institute, Memphis.

An event of peculiar interest was a simple ceremony held in a reading room on the evening of November 5th, when the War Memorial, voted by the town in March, 1919, was deposited there. This memorial, a handsome book containing records of Claremont's veterans in the World War, was compiled by Miss C. Isabel Dutton, who by great care gathered information of all but three or four participants. The mechanical part of the volume is of the best, inscribed by hand, bound in handsome red leather with gold leaf trimmings and edges. It is as nearly worthy of its purpose as any memorial could be, and will preserve the names and service of the men and women for all time. Visitors have come to consult it, and are content with the work of the Committee who had it in charge.

The perennial demands for a historical room have been forcibly urged this year and some action should be taken in regard to this matter.

Gifts of books and magazines have been received from Mrs. H. J. Patterson, Miss Victoria Bates, Mrs. L. E. C. Story, Mrs. Irving Story, Mrs. George Wood, Mrs. Charles Long, the C. Howard Edmonds family, Mrs. Brooks Brown, Willis Sylvester, Mrs. Stella G. Randall, Harry C. Forster, Mrs. F. D. Jardine, Mrs. H. C. Sanders, Jr., Mr. Henry N. Hurd, Mrs. F. C. Wood, Miss Abbie Field, Mrs. E. L. Elliott, Mrs. Ella F. Smith, Miss Mary

Gilbert, the Russell Sage Foundation, Miss Sarah Gilmore, Mrs M. S. Ide, Maurice Menard and the Carnegie Foundation for International Peace. The Carnegie Foundation has given many volumes of travel, biography and other books of value in forming an international mind, by making nations mutually known and understood.

Local items of present interest and future value, such as programs of clubs, records of activities of societies, religious and secular, views of the town, and maps, telephone and town directories, have been given by Mrs. L. E. C. Story, Miss Victoria Bates, Rev. Arthur Chase, Mr. Patrick Brady, Mr. H. C. Sanders, Dr. F. K. Phillips, Mr. Geo. I. Putnam, Mrs. Elmer E. Gould, Mr. Herman Shedd, Mrs. Susan Chase, Mrs. E. L. Elliott, Mr. V. H. Hammond, Mr. H. S. Richardson, Mr. C. B. Spofford, Mr Geo. B. Upham, Mrs Willis Howe, (nee Dustin), and Mrs. John F. Jones. The files of directories are complete.

Mrs. Willis Howe, (Ella Dustin), presented the medal given to Miss Marion Richards by the Massachusetts Charitable Mechanics Association for the best painting shown at the 1841 exhibition. This picture is a painting of Gueen Tomyris of which she made three copies. One now hangs in the reading room of the library.

Mr. H. C. Sanders' gift was a manual of the Congregational church, 1879, containing much of historic worth. It was rescued from an ash heap, the losing place of many objects that should be preserved.

Photographs of four early maps locating Claremont, when called Ashley, were framed and given by Mr. Upham.

Other interesting items have been added:—Souvenir postcards of Daniel Webster, by Mrs. L. E. C. Story; autographs by Rev. Arthur Chase and Mr. Henry N. Hurd a holograph letter of Daniel Webster to the manager of his homestead in Franklin, from Miss Lois Whipple; foreign stamps and money by Nine and John Belkovicz, Mrs. Mauroyenis and Peter Lihatsh; various items by

Miss Fannie Stone, Mrs. John F. Jones and Miss Laura Briggs.

Mr. Upham gave his annual check for \$30.00. The Christian Science Monitor is again on our list of dailies, **the gift of the local society.** Various periodicals of different societies, religious and secular, are welcome additions to our list.

We are grateful to the local press for printing our lists and various items of library interest.

If any favor shone the institution fails to be acknowledged, the omission is due to circumstances, not lack of appreciation of the good will upon which the value of a public institution depends. The administration feels keenly the courtesy of the patrons of the library.

The large balance in the treasury is from the income of the Way Fund, which is restricted to the purchase of books so expensive or of special nature that they should not be purchased from the general library appropriation. The Way books are to form a collection to be kept by themselves. As there is no shelf room that can be spared for them at present, only such as were urgently needed have been bought.

TRUSTEES OF FISKE FREE LIBRARY,

Ira G. Colby, Secretary.

WILLIAM P. NOLIN,  
Treas. Monadnock Park Comm.

Claremont, N. H., Feb. 16, 1923.

*To the Citizens of Claremont, N. H.*

The Monadnock Park Commission herewith submit for your consideration a report covering the work done in the development of the park during the past year.

The children's corner was open throughout the season, commencing with the exercises on Flag Day, June 14th, at which all the schools, comprising 1,800 children marched to the park where appropriate exercises were observed.

From June 23d to August 30th, the children's corner was under the direction of Miss Pauline Hodgman. During this period 8,891 youngsters from all parts of the town made use of the play apparatus.

During the early spring shrubbery was planted around the tennis courts and in the vicinity of the play house, which greatly improved the general appearance.

The shower baths continue to be very popular, an ing advantage of the opportunity to use these showers. average of 70 people per day, (men, boys and girls), tak-

A system of permanent lighting of the ornamental type was installed around the skating rink the past winter, which is a great improvement over past seasons.

A hockey rink has also been kept in operation and has been well patronized.

The tennis courts continued in great demand the past season, so that it is possible that it will be necessary to add one or two new courts in the near future.

During the coming year we hope to make some added improvements in addition to getting a start made on a running track, for which there appears to be considerable demand.

Your committee requests for your consideration that the sum of \$3,500 be appropriated for the continuance of this work for the ensuing year, \$2,500 of which will be necessary for maintenance, and \$1,000 for added improvements.

# State Forester's Report

## *Control of White Pine Blister Rust*

In accordance with the terms of an agreement executed between the Town of Claremont and the New Hampshire Forestry Commission, we are herewith submitting the report of work conducted during 1922 in the control of the white pine blister rust.

## *Object of Undertaking*

This work was undertaken for the purpose of continuing the removal, throughout pine growth, of currant and gooseberry bushes, inasmuch as these plants are the only means by which blister rust is spread from infected to healthy pines.

The following statement indicates the expenditures made during 1922:

## *Financial Statement*

Town appropriation	\$400 00	
State Aid—as per agreement	100 00	
Total funds available		\$500 00
Crew wages	419 89	
Crew transportation	36 09	
Total expenditures		\$455 98
Balance of town and state funds		\$ 44 02
Balance of town funds	35 22	
Balance of state funds	8 80	
Area covered		2,027 acres
Average cost, per acre		\$0.224
Currant and gooseberry bushes destroyed		6,713

In addition to the work performed in Claremont during 1922 through the town and state funds, two pine owners paid for having this work performed on their own property. Such work was conducted upon the Putnam estate and also upon lots belonging to McCrillis and Richards. The terms of co-operation in such work specified that the owners must pay the wages and expenses of necessary laborers, while the state furnishes the services of a foreman. As a result of this work, 1,542 currant and gooseberry bushes were removed from an additional 560 acres of land.

J. H. FOSTER, State Forester.

## Auditors' Statement

---

We, the undersigned, Auditors of the Town of Claremont, have examined the foregoing accounts of the Selectmen, Town Treasurer, Highway Agent, Overseer of the Poor, Town Clerk, Treasurer of the High School Committee, the Financial Agent of the Fiske Free Library, Collector of Taxes, the Superintendent of the Claremont Water Works, the Trustees of the Stevens and Healy Funds, the Manager of the Opera House, Treasurer of the School Board of the Town, the Trustees of the Town Trust Funds, the Cemetery Commission and the Monadnock Park Committee, and find the same correct with proper vouchers.

C. H. WEED,  
GEORGE H. BOYNTON,  
O. S. BUGBEE.

Auditor.

In compliance with an act of the Legislature passed June Session, 1887, requiring "Clerks of towns and cities to furnish a transcript of the record of Births, Marriages and Deaths, to the municipal officers, for publication in the Annual Report," we submit the following:
